Subject: Wedding

Hello,

I just wanted to take a moment to commend the staff at Lord Thomson's Manor. I attended a wedding (Kevin and Erica's) and stayed in the manor. The service, the food and the accommodations were top notch. I am an event planner in Southern NH/Boston area and the staff there blew me away! I don't know if you knew that the majority of the young adults there were all working in some line of the hospitality industry. I know it can be hard enough to be critiqued, but even harder when your audience is expecting the very best. Let me just say that Lord Thompson set the bar for a lot of us.

I want to particularly thank Ted. He was a amazing from start to finish. You have an amazing employee there who is dedicated and skilled at what he does.

Thanks again for a wonderful experience!
