Subject: Thank you from Chris & Kerri

To Andrew & Jackie,

I am not sure there are enough words to express how amazing our April 26th 2008 wedding was. From start to finish, it was pure perfection. It was everything we hoped it would be and more. Your staff handles everything with class, such attention to detail, and with exceptional customer service, it is no wonder we continue to hear from our guest that our wedding day was like a dream. Chef Mike and his food are equally as impressive as the ambiance and beautiful settings of the Manor itself. I would like to specifically mention Kelly and Ted (who Chris refers to as Superman, because he truly can handle and do it all). From the moment we arrived on Friday, Kelly and Ted made us feel so welcome, comfortable and confident that they would handle everything with as much attention to our wedding as they would if it were their own sister or brother. Because of them, Chris and I were able to relax and enjoy the weekend with our friends and families. Thank you, to you and your staff for making our wedding day so magical! The only disappointment is that it is over.

Warmest Regards,

Kerri & Chris
